

## **Process/Product Change Notification (PCN) Form** QAL-09-1007 Revision I

To be completed by PCN Coordinator					
PCN # 13-005				PCN Date	07 June 2013
RFMD Information					
Initiator	Joel Morgan			Date	04 June 2013
Post to PCN Alert?	⊠ Yes	□ No		E-mail	PCNresponse@rfmd.com
PCN Information					
☐ Customer Approval Required ☐ Notification Only					
Type of Change:			⊠ Minor		☐ Obsolescence
Change Affects ☐ Form ☐ Fit ☐ Function ☐ Reliability ☒ N/A					
The following applies to all change classifications (Major, Minor, Obsolescence)					
Description of Change: RFMD will introduce wafer production with copper deposited on the backside of the wafer to replace gold. New products will be introduced using this technology throughout the second half of calendar year 2013. Additionally, upon completion of the technology qualification, existing production will be converted from gold backside to copper backside as capacity is installed. By January 2014, all production will be manufactured using the copper backside process.  Reason for Change: Copper backside improves thermal conductivity and resistivity when compared to gold. Copper is also a less expensive material to manufacture and is necessary to meet pricing agreements in the future.  Affected Products: All HBT, FET, and BiFET processes.  The following only applies to Major and Minor Changes  Affected Product Specification (if applicable): None  Detail of potential impact to customer: None  Qualification Plan or Data (if applicable): See attached in comments section  Customer Samples Available (if applicable): Limited samples available. Contact RFMD sales or quality representative.  Qualification Results Available (if applicable): Per attached plan in comments section					
Planned Implementation Date: Fully implemented 1 Jan 2014  Identification of Changed Broduct (if applicable): N/A					
Identification of Changed Product (if applicable): N/A

Last Time Buy Date		N/A			
Last Time Ship Date		N/A			
Alternate Part Recommenda	tion	N/A			
Customer Acknowledgement/Responses All Customer responses must be sent via e-mail to PCNresponse@rfmd.com. When replying, please include the PCN number in subject line. Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. After acknowledgement, lack of additional response prior to the planned implementation date constitutes acceptance of the change. An acceptance, concern, sample order request or a request for further information should be submitted to RFMD in a timely fashion, (i.e., customer should not wait to the end of the review period before responding). If the customer requires additional time to perform sample testing, beyond the stated planned implementation date, an extension must be negotiated with RFMD. Any contractual PCN agreements made with RFMD supersede these requirements.  **RFMD Confidential.** This form and the information herein is the property of RFMD and are issued in strict confidence. Do not					
reproduce it, copy it, or give it to a third party without express permission from RFMD.
