NXP

Customer Information Notification | 201404014l

Issue Date: 05-Jun-2014
Effective Date: 06-Jul-2014

Here's your personalized quality information concerning products Digi-Key purchased from NXP. For detailed information we invite you to view this notification online

QUALITY

Management Summary
- The datasheet is updated, as some corrections were required.

Change Category
[ ] Wafer Fab process [ ] Assembly Process [ ] Product Marking [ ] Design
[ ] Wafer Fab materials [ ] Assembly Materials [X] Electrical spec./Test coverage [ ] Mechanical Specification
[ ] Wafer Fab location [ ] Assembly Location [ ] Test Location [ ] Packing/Shipping/Labeling

Update datasheet for LPC407X / LPC408X

Information Notification

The product datasheet LPC407X / LPC408X has been updated to rev. 3.

- Some parameters in the datasheet are updated, specifically an update for static characteristics', Idd max limits, EMC timing and BGA80 and LQFP80 pin out updates, see attachment.
- See datasheet revision history sheet (page 136) for more details.
- BGA80 pin assignment added.

Why do we issue this Information Notification
- The update is made to ensure that the correct information is in the datasheet.
- To notify customers that the product datasheet is updated.

Identification of Affected Products
Product identification does not change.

Impact

No impact.

Data Sheet Revision
A new datasheet will be issued

Disposition of Old Products
Not applicable, no changes in the product itself, this is only a datasheet update.

Remarks

- No process / fab change.
- No assembly / final test location change.
- No design change.

Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please contact NXP "Global Quality Support Team".

For all Quality Notification content inquiries, please contact your local NXP Sales Support team.

For specific questions on this notice or the products affected please contact our specialist directly:

Name   Emile Busink
Position   QA engineeering Logic & Smart Analog / MCU
e-mail address emile.busink@nxp.com

At NXP Semiconductors we are constantly striving to improve our product and processes to ensure they reach the highest possible Quality Standards.
Customer Focus, Passion to Win.

NXP Quality Management Team.

About NXP Semiconductors

NXP Semiconductors N.V. (NASDAQ: NXPI) provides High Performance Mixed Signal and Standard Product solutions that leverage its leading RF, Analog, Power Management, Interface, Security and Digital Processing expertise. These innovations are used in a wide range of automotive, identification, wireless infrastructure, lighting, industrial, mobile, consumer and computing applications.

A global semiconductor company with operations in more than 25 countries, NXP posted unaudited revenue of $4.36 billion in 2012.
