## Product Change Notification

### Content: Change of marking Specification (30dots) for MPT3 package

<b>Application: MPT3 package Transistors</b>		
Affected product(s)	Product name	Customer part number
		See attached
No change of the P/N		
	Current	After change (additional spec)
	Making    (Current) The alphabet indicates production year (Even year or Odd year) and Ex) Produced September in Even year  note) No change other than marking note) No change of the die inside, hence no change for electrical characteristics note) No change for function nor reliability note) Nothing changed for package dimension spec.	Discernible manufactured month and year with the alphabet    (After change) Maximum 30 dots indicates production lot code.
Reasons of change	Perfect traceability with 30 dots marking on package	
Term of change	From February 2018, the 30dots products will deliver to the approved customer in pararell with the current products.
