

NO: SW – 124	PRODUCT: A6TN/A6SN – DIP Switch
DATE: Sept 2018	TYPE: Modification – Changes to position and numbering system of Lot code

A6TN/A6SN DIP Switch - Changes to position and numbering system of Lot code

In an effort to enhance the traceability and readability of product marking, Omron will change the A6TN/A6SN position and numbering system of the lot code effective as of our production in March 2019. This modification notice will explain the appearance changes of the A6TN/A6SN DIP switches. These changes will not alter the technical specifications or external dimensions of the switch. The models to be affected include, but are not limited to the models listed below; should you have any additional questions, however, please communicate with the Switch Product Manager.

Effective Date:

Effective as of our production in **March 2019**
