Re : Obsolete/EOL of Thin Film 469 series fuses

Hello all,

This is a 60-day PCN starting 15th September 2021.

With regards to the above reference, due to product rationalization purposes, Littelfuse will be obsoleting the Thin Film 469 series fuses and proposing the 407 series as an alternative/option for evaluation to replace the 469 series.

Please see attached and below for the affected part numbers of the 469 series and the proposed 407 series.

Affected part numbers

469 series	Proposed 407 Series
0469002.WR	0407002.WR
0469004.WR	0407004.WR
0469005.WR	0407005.WR
0469006.WR	0407006.WR
0469007.WR	0407007.WR
0469008.WR	0407008.WR

We will not be accepting new orders of the 469 series from 16th November (inclusive).

Should you have any further questions and concerns, please send an email to me individually.

Best regards;
Daniel Wang
